5. The delay referred to in ~~the~~ Case no 19 is a ~~really~~, discreditable ~~the fact of the officials~~ could ~~Corrected~~ - and ~~it should~~ have been avoided -

6. In Case no 39, it should have been reported whether effect was given to the punishment of officer's order, & steps taken to write off the assessment on the land in question. & if so, when.

7. The remarks made against Cases nos 55 to 61 are not satisfactory, inasmuch as the resumption of the lands referred to was not a proper course to be adopted - The lands should have

disposed of in the light of the Govt: order No 6582-90 of 2nd September 1890. This omission, it is hoped, will not occur in future.

8. In regard to ~~the delay~~ case No 81, the Dy: Commr is requested to report who is responsible for the delay in the disposal of the Razinama which notice has been taken in the matter.

9. Cases 87 to 89. - From the remarks made regarding these Cases, it is evident that great laxity prevails on the part of the Taluk authorities.

and 5 guntas assessed at
Rupees 17/. During the Phasli time the owners of the land being absent, the Government and Inam holdings were separated as shewn in the margin, and the Survey Superintendant ordered the division accordingly. In the division made however 24 guntas of Inam land was inadvertantly included in Govt. land and Kandayam charged thereon. Upon complaint of Seethukon the Arguder, that his Inam land was included in Govt. land and Kandayam charged thereon, reference was made to the maji accounts in the Taluk Cutcheery and it was found that the Inam land measured according to the maji extent 1 acre and 34 guntas. this was reported to the Survey Superintendant for needful alteration, who replied (Vide yadi no. 3985/1182 dated 30-11-91) that the mistake may be rectified and that the required alterations be made in the Village accounts. Accordingly the following alterations were made in the accounts during the year Khara:—

	992.	1 —	34.	14-12--	Inam

During the years Virodhi and Vikriti the assessment (as ordered by the Survey Superintendant during the settlement-time) on 36 guntas of land viz Rs: 7 was brought in to account. The 2 years assessment at Rs: 4-12-- per year for those 2 years has to be remitted.

Vikriti	Land Revenue	9	7	11			Demand notice was served and the arrears were not paid. The land in respect of which the arrears, were accrued, was forfeited and sold. There were no bidders and it was bought in for one pie for Govt. The Khatedar possess no other property. He lives by coolly labour.

The sale however was not confirmed on the ground that the land was worth more than Rs: 6-1-0, and that the bidder failed to pay that sum. The assessment on the lands subsequent to the year Verodhi ought not to have been brought to Khāte as Rājināma had been presented by the Khātedar's sons. But by a mistake the Taluk Authorities brought into account the assessment on the lands for the following years viz Vikriti and Khara. treated as Jōdi Inams on payment of Rs:

							was a great delay in the dis-
							posal of the Rājināma in the
							Taluk and consequently the Kanda-
							yam for the years Verodhi and Vikriti
							accrued on the lands. The Amildar during
							the jamabandy of the Taluk for the years
							Vikriti obtained the jamabandy officer's order
							for the lands being sold for the realization of
							the arrears. The lands when sold were bought
							in by Govt for one pie as nobody bid for it. The
							trees standing on the land were next sold and they
							fetched Rupees 7-8-" and was credited towards
							the total balance of Rs: 55-12-6. The lands lay
							waste during the years Verodhi, Vikriti and Khara,
							and as the arrears accrued on the lands were owing
							to the delay in the disposal of the Rājināma, it was
							not considered justice to proceed against the other property
							of the Khātedar, and the balance was therefore ordered to be remitted.

Khara	Land Rev.	17	0	-			The sluice provided
	Local cess	1	1	6	189	6	by D. P. W. for the Khâlsa's lands having failed to irrigate 3 acres and 7 Guntas of his land, another sluice in place of the old one was constructed by the same Department in the year 1892. In the year Khara (1891-92) the land therefore lay waste for want of water. The then Jamabandy Officer Mr. Narasimmengar Asst. Comr. inspected the land and ordered that Rs. 17-0-0 being the assessment on the land (Viz. 3 acres and 7 Guntas which was) incapable of being irrigated, be written off the accounts together with the local cess and the Sub Dy. Officer approved of that order. The balance is therefore recommended for remission

The Amildar during the jamabandy time of the same year recommended to the Jamabandy Officer on Takaras Thakhta form No. 8, for the decrease of the assessment on the portion lost by diluvion. The Jamabandy Officer ordered that under Section 47 of the Land Revenue Code, the holder was entitled to the decrease of assessment; that it should be recommended to Govt for permanent decrease. No recommendation was made as soon as the above order was passed and therefore the Kandayam for the 5 years in question was shown in the accounts. It is therefore recommended for remission. No assessment was charged since the year Jaya 1894-95

Khara	— do —	4	4	"	11 5	" died and his sons relinquished the lands (No. 125 and Sub No. 91 assessed on the whole at Rs: 8-0-0), During the Survey Settlement in Verodhi 1889-90 and also in their depositions dated 22-4-92 given in the Taluk Cutcherry. The Notice of demand was served for the arrears of Verodhi that stood upon the lands relinquished and the same not being discharged the lands were forfeited and sold on 28-3-92. Land No. 125 fetches Rs: 11 while land No. 91 was resumed by Govt as nobody competed for it. The assessment on the lands subsequent to the year Verodhi ought not to have been brought to Khate as Rājināma had been presented by the Khātedar's sons. But by a mistake the Taluk Authorities brought into account the assessment on the lands for the following years viz Vikriti and Khara. Out of Rs: 11 realized in the sale, Rupees 9-0-0-6 were given credit of for the arrears of Verodhi, and Rs: 1-15-6 in part for the arrears of Vikriti. The lands lay waste from the year in which they were relinquished. On these grounds

the Sub Dy. Collector considered it not justice to proceed against the other property of the Khātedars and ordered that balance be remitted. Hence recommended for remission.

Khātedars raised no objection to the sale and agreed to pay whatever remained due for Vikriti over and above the sale amount of Rs: 6-1-" . Accordingly on 29th April 1893 he paid Rs: 4-1-3, the difference between Rs: 6-1-" and the total demand of Rs:

10-2-3. The sum of Rs: 4-1-3 was credited thus: Rs: 3-5-0 to land rev.; 0-8-0 to local cess; and 0-4-3 to interest, instead of crediting as noted in the margin. The sale however was not confirmed on the ground that the land was worth more than Rs: 6-1-0, and that the bidder failed to pay that sum. On 15th August 1895 a second sale took place by wh the land fetched Rs: 10-0-0 which was credited thus:—

1-15-0 ⊛ to Land rev. over value of sale amount of Rs: 6-1-0
0-8-0 " to local cess
0-12-0 " Fees
0-14-3 " Interest
4-1-3

For the balance, land Rev. of Vikriti which had remained after crediting Rs: 3-5-0 above mentioned } 4-11-0.

In part payment of the land Rev. of Rs: 8-0-0 for Khara } 5-5-0

10-0-0

The land lay waste since the year Vikriti. The second sale was not due to any fault on the part of the Khatedar and there was long delay on the part of the Taluk authorities in conducting it. It was therefore ordered that the whole of the balance of Rs: 28-11-0 should be remitted vide Sub Dn. Officer's order No. 905 dated 14/11/96.

16 The delay referred to in Case No 79 is deplorable. and could have been avoided.

12. In Case No 39. it should have been reported whether effect was given to the Revenue Officer's order, & steps taken to write off the assessment on the land in question & if so, when.

13. The Remarks made against Cases Nos 65 to 67 are not satisfactory, inasmuch as the remission of the lands referred to was not a proper Course to be adopted. The lands should have been disposed of on the basis of the Govt. order No 6582-90 of Cis 136 2d September 1890. This omission, it is hoped, will not occur.

14 13 In regard to Case No 87 the Dy. Commr is requested to report who is responsible for the delay in the disposal of the Karziaman & what notice has been taken in the matter.

Narsimma Iyengar, the Tahsildar of Penukonda, remitting the amount which involves in Case No 82 is no proper authority. Therefore the Dy: Commr is requested to submit a special report of the circumstances of the case—

15. Cases 87 & 89. From the remarks made against these Cases, it is evident that great laxity prevails on the part of the Taluk authorities.
